

Perhaps the Perfect Rental Power Rake

C18

With a feather-weight compact design, a folding handle and rugged construction, BlueBird's C18 Lawn Comber is perhaps the perfect power rake for rental users – homeowners and professionals alike.

It efficiently dethatches an 18"-wide swath in one pass, and its short wheelbase makes it "turn on a dime." With your choice of interchangeable Flail blade, Delta slicing blade or Spring Tine reels, the C18 can easily be configured to adapt to virtually any variety of grass and soil conditions.

BlueBird combined a brilliantly simple design with proven reliability to make the new C18 Lawn Comber. You can count on it to perform flawlessly for decades with routine maintenance.
